

Dedicated to Make a Change, L3C

Dear Friends of DTMAC,

It's finally December! It seems like we've already been in winter for a while, though it only starts Dec. 21st. Our December Clubhouse hours are Tuesday to Friday from 12-6pm and Saturday 12-4pm until December 23rd and 24th. On these days they are from 12 to 4pm. We welcome you to visit during these times.

Participants have been busy with the Ethics Bowl. They are learning and preparing for it on Saturdays with Nina. The kickoff event that was hosted at the Neutral Zone gave our team the first taste of the competition and the way it works. Mark your schedule~ February 8, 2015, is the Ethics Bowl, at the Neutral Zone. Everyone is excited.

Thanksgiving just passed as well, and everyone at Dedicated to Make a Change was thankful for many things. Some of the things that people were thankful are God, family, and DTMAC itself.

Particularly at the H.O.P.E. Program, being with other people in a positive environment, earning money, learning, being close to other people at DTMAC, and having something to do were appreciated.

With the passing of World AIDS Day, there has been many discussions about how to prevent HIV. We are pleased to announce we are ahead of the ball with our Prevent and Prevail program, which is planned to run February, 2015. Facilitators will be

training throughout January.

On another note, from December 25th to January 5th, DTMAC will be closed. We will re-open on January 6th!

H.O.P.E. has gained another participant, Cameron Reid! Congratulations Juan and Cierra for grades of C and above in all classes.

We want to thank everyone for their continued support of Dedicated to Make a Change. We couldn't do this without you! As always, our website is www.dedicatedtomakeachange.com.

Happy Holidays and safety this winter,

Dedicated to Make a Change
