

Dedicated to Make a Change, L3C

Dear Friends of DTMAC,

Now that May is here, we are starting to see flowers and outdoor activities picking up!

As you can see in the pictures about, participants had a great time during Spring Break! We enjoyed visiting Wayne State, D.I.M.E., WCC, and the Jiffy Mix Factory.

We are still planning for summer activities! We will be going on a 12 day trip to Alabama and back, stopping at historically black colleges and civil rights movement hotspots. We will be leaving June 19th and returning July 2nd. The cost of the trip will cover everything, including food, room, and gas money. Participants only need additional money for souvenirs and such.

We will also going to have ACT

preparatory classes during the summer starting in July, for students wanting to retake the ACT in September.

Other things happening during summer: Prevent and Prevail Chapter 2: Pregnancy. We will be developing and hosting this to inform youth on preventing pregnancies, and general information about pregnancy. This will be added on to our Prevent and Prevail of HIV. Programming dates and location to come!

In addition to this, DTMAC and other youth organizations are working together to host a teen community day, with various activities for all!

We are excited to introduce new members to DTMAC and the H.O.P.E. Program. Recently, Cleo Ku has joined as a co-op intern from Antioch College, and Kaitlin

Robinson is a new participant!

We have an Office Manager job opening, applicants will need to complete a 2 week training period, and would start in July. For more information, Please contact Megan Duncan at megankd1@gmail.com or (734) 358-1402 for more information.

As you can see above, our EMU Social Work Intern, Douglass Harvey, will be leaving us soon, as his 1 year internship has ended and he has graduated with his BSW! He has been accepted to Howard University as an advanced standing grad student, and will be attending there this fall. We will be sad to see him go.

Don't forget to visit our website, we have more information and dates, as well as daily updates! Hoping for a wonderful and warm May,
Dedicated to Make a Change
